

SAVE WATER

TARGET 155

Tracking your usage

We recommend that you read your meter once per week.

To track how much water you use, fill out the following table. Don't forget to read your meter at around the same time each week.

If you need help, refer to the how the read your meter fact sheet.

If you don't have a meter, visit the Target 155 page of our website for further information on how you can calculate your water use.

	Reading (at start of week)	Usage since last reading (subtract wk 1 from wk 2)	Per day usage (divide by 7)	No. of people in house	Usage per person (divide usage by no. of people)
Week 1	852				
Week 2	3162	2310	330	2	165
